and then Monday, w/a  
completely different show...  
the Dirt Cheap Street Show  
another free community show!

The Bread & Puppet Theater is one of the oldest non-profit, self-supporting theatrical companies in the U.S. The theater has been enacting its radical utopian vision in cardboard and cloth for over forty years, from the spectacle of its larger-than-life puppets at Vietnam War protests in New York City to the pageantry of its long-running (over 25 years) annual event, "Our Domestic Resurrection Circus" in Glover, Vermont.
