

SAVE CLEVELAND'S LAKEFRONT PARKS & PUBLIC ACCESS

A campaign initiated by the Dike 14 Nature Preserve Committee, August 2008

PETITION

We, the undersigned, oppose the destruction of the East 55th Street Lakefront State Park & Marina for a proposed 200-acre Confined Disposal Facility (CDF) and future industrial port.

We support the industrial port on non-recreational land only; and we support action that protects and improves Cleveland's Lakefront State Parks, including the East 55th Street State Park & Marina, Gordon State Park and Dike 14 Nature Preserve, as is pledged in the Cleveland Lakefront Plan.
